J.H. AND
DISABILITY RIGHTS MISSISSIPPI

Plaintiffs,

v.

HINDS COUNTY, MISSISSIPPI,

Defendant.

Civil Action No.
3:11-CV-327-DPJ-FKB

EXTENDED THIRD AMENDED CONSENT DECREE

On June 1, 2011, Plaintiffs filed suit challenging the conditions of confinement at Henley-Young Juvenile Justice Center (“Henley-Young”). Defendant responded to the Complaint and denied all the allegations. Plaintiffs and Defendant, without any admission on behalf of either, agreed that it was in the best interests of all parties to resolve this matter amicably without further litigation and cost to the taxpayers of Hinds County, Mississippi. The parties therefore negotiated a “Settlement Agreement” (later determined by the district court to be a consent decree), which was entered in March 2012. It was extended in April 2014; amended and extended in March 2016; amended and extended in March 2018; and amended and extended in February 2019 for two years, up to and including March 28, 2021. The parties desire to extend the consent decree for two years, up to and including March 28, 2023.

This Extended Third Amended Consent Decree is not to be construed as an admission of any liability or violation of law by the Defendant. The parties agreed in 2012 to the consent decree’s provisions to resolve this litigation. Now, the parties wish to extend all terms and provisions of the Third Amended Consent Decree.

The term “Henley-Young Juvenile Justice Center” (or the like) hereinafter refers collectively to Hinds County and its Board of Supervisors. This Extended Third Amended Consent Decree and its specific requirements shall apply fully to Henley-Young and to any contractors that may provide services to Henley-Young in the future. The term “youth” hereinafter refers to individuals confined at Henley-Young. The parties understand that the requirements herein will be implemented without undue delay as soon as practicable.

Unless otherwise indicated herein, the parties will collaborate to make all reasonable efforts to ensure that within 90 days of the effective date of this agreement, policies and procedures consistent with this agreement are drafted, in the process of being implemented, and that all detention staff receives training on the requirements of this agreement. The parties agree and understand that implementation will be an ongoing process that extends beyond the initial 90 days of this agreement. The parties further agree to the following:

1. This agreement will terminate at the end of two years. If the Court makes written findings based on the record that prospective relief remains necessary after two years to correct a current and ongoing violation of federal rights, this agreement shall not terminate. *See* 18 U.S.C. § 3626(b)(3).
2. The parties stipulate that nothing in this Extended Third Amended Consent Decree constitutes an admission of liability and furthermore, the Defendant denies that it has provided deficient services in any category that is referenced below in this Extended Third Amended Consent Decree.
3. Notwithstanding any other provisions of this Extended Third Amended Consent Decree, the parties stipulate that the remedies contained in this document are necessary to correct an ongoing violation of a federal right, extend no further than

necessary to correct the violation of federal right, and that the prospective relief is narrowly drawn and is the least intrusive means to correct the violations.

4. It is the intent of the parties that the Court will retain ongoing jurisdiction over this Extended Third Amended Consent Decree for purposes of enforcement, pursuant to the terms of the Prison Litigation Reform Act. All provisions of this Extended Third Amended Consent Decree shall be interpreted to be consistent with this intent. In the event that the Court determines that it does not have jurisdiction over this Extended Third Amended Consent Decree for purposes of enforcement, the parties agree to modify the Extended Third Amended Consent Decree to the least extent necessary to ensure ongoing federal court jurisdiction.

I. INTAKE

- 1.1 Hinds County denies that the current intake procedure at Henley-Young is deficient in any manner. However, the parties agree that henceforth: All youth admitted to Henley-Young shall receive a health screening, within 1 hour of admission or as soon as possible as reasonably thereafter, by appropriately trained staff as required by Mississippi Code Ann. § 43-21-321. "Information obtained during the screening shall include, but shall not be limited to, the juvenile's: (a) Mental health; (b) Suicide risk; (c) Alcohol and other drug use and abuse; (d) Physical health; (e) Aggressive behavior; (f) Family relations; (g) Peer relations; (h) Social skills; (i) Educational status; and (j) Vocational status." Miss. Code Ann. § 43-21-321(1). During this screening, Henley-Young shall obtain information regarding the youth's educational status by having the youth or intake officer complete an education screening form developed and provided by the Jackson Public School District. Additionally, the

parties agree that Provision 1.1 implicitly necessitates Henley-Young to require a valid MYCIDS order before a youth can be admitted. The parties also agree that Provision 1.1 implicitly prohibits Henley-Young from admitting a status offender to Henley-Young without full compliance with the Mississippi Code. The parties agree that, in the absence of a valid MYCIDS order and full compliance with the Mississippi Code, a youth cannot be admitted to Henley-Young, and that such youth's admission must be denied.

- 1.2 Hinds County denies that Henley-Young failed to conduct mental health screenings of juveniles admitted to the facility in accordance with Miss. Code Ann. § 43-21-321. The parties agree, however, that henceforth: All youth shall receive a MAYSI-2 mental health screening upon admission, as required by Miss. Code Ann. § 43-21-321. The screening will be conducted in private by appropriately trained staff of Henley-Young. If the screening indicates that the youth is in need of emergency medical care or mental health intervention including, but not limited to, major depression, suicidal ideation, withdrawal from drugs or alcohol, or trauma, the detention staff shall refer those juveniles to the proper health care facility or community mental health service provider for further evaluation immediately or as soon as reasonably possible.

- 1.3 Prescription medications will be secured for all youth who have a valid, current prescription within 8 hours of admission, if possible, but in no case, longer than 24 hours after admission, including weekends and holidays. If during a youth's detention, a medical professional either prescribes a new medication or renews a youth's previous prescription medication, Henley-Young will secure the prescription medication within 8 hours of receiving the prescription, if possible, but in no case,

longer than 24 hours after receiving the new prescription, including weekends and holidays. Henley-Young shall procure and/or purchase all prescription medications prescribed to confined youth.

1.4 *Meal Compliance: Eliminated by agreement of the parties in March 2016.*

1.5 *Telephone Usage: Eliminated by agreement of the parties in March 2016.*

1.6 Hinds County denies that Henley-Young does not have in place a valid strip search policy. Within 60 days of the date of this agreement, Henley-Young shall develop and implement policies that limit strip searches to instances where Henley-Young staff has an articulable suspicion that a youth may possess weapons or contraband. Anytime a strip search is conducted, Henley-Young staff must document, in writing, their suspicion, obtain permission from a supervisor, and conduct the search in a manner that minimizes the intrusion into the youth's privacy.

II. STAFFING AND OVERCROWDING

2.1 *Modified by agreement of the parties in March 2018.* Hinds County denies that there are staffing issues and overcrowding at Henley-Young. However, the parties agree that Henley-Young shall ensure that there are sufficient numbers of adequately trained direct care and supervisory staff to supervise youth safely, protect youth from harm, allow youth reasonable access to medical and mental health services, and allow youth adequate time to participate in out-of-cell activities. Within 90 days of the date of this agreement, Henley-Young shall operate with a direct care staff to youth ratio of 1:8 from the hours of 6:00 a.m. until 10:00 p.m. and a ratio of 1:10 from the hours of 10:00 p.m. to 6:00 a.m. Additionally, the parties acknowledge the November 3, 2014, Hinds County Board of Supervisors' Resolution Regarding the Henley-Young

Detention Center providing that Henley-Young shall not house any youth under youth court jurisdiction for more than 21 days. The parties also agree that Henley-Young is a short-term facility not designed to hold residents for longer than 21 days. In light of the facility's nature and the Board of Supervisors' Resolution, the parties agree that Provision 2.1 necessarily requires Henley-Young to discharge youth under youth court jurisdiction on or before his/her 21st day at Henley-Young. The parties agree that henceforth the 21 day time limit requiring discharge and refusal of admission of youth will not apply to juveniles charged as adults. The parties further agree that Provision 2.1 requires Henley-Young to refuse admission to any youth who is sentenced to a period of greater than 21 days. The parties further agree that Provision 2.1 requires that any time spent off-site in a state of detention (including but not limited to at a psychiatric residential treatment facility) must be counted toward a youth's detention stay. The parties further agree that Provision 2.1 necessarily requires Henley-Young to adhere to the monitor's recommended 32-resident capacity limit on average daily population, and that Henley-Young cannot exceed an average daily population of 32 residents, and that any admission that would require an ADP in excess of 32 residents must be denied.

State*, 838 So. 2d 256, 260 (Miss. 2003) (internal quotations and

citation omitted). The same principle that guides the interpretation of Mississippi's Youth Court Act shall guide the implementation of this Extended Third Amended Consent Decree. Both the Act and the Extended Third Amended Consent Decree shall:

be liberally construed to the end that each child coming within the jurisdiction of the youth court shall become a responsible, accountable, and productive citizen, and that each such child shall receive such care, guidance, and control, preferably in such child's own home as is conducive toward that end and is in the state's and the child's best interest. It is the public policy of this state that the parents of each child shall be primarily responsible for the care, support, education, and welfare of such children; however, when it is necessary that a child be removed from the control of such child's parents, the youth court shall secure proper care for such child.

Miss. Code Ann. § 43-21-103. "Inherent in this policy is the protection and care of children in trouble and the rehabilitation of those gone astray." *Helmert v. Biffany*, 842 So. 2d 1287, 1291 (Miss. 2003).

- 19.2 This Extended Third Amended Consent Decree shall be binding on all successors, assignees, contractors, employees, agents, and all those working for or on behalf of Hinds County, Mississippi.
- 19.3 Hinds County agrees that it shall not retaliate against any person because that person has filed or may file a complaint, provided information or assistance, or participated in any other manner in an investigation or proceeding related to this Extended Third Amended Consent Decree.
- 19.4 Plaintiffs' counsel shall have the right to conduct interviews with staff.
- 19.5 After the effective date of this Extended Third Amended Consent Decree, the Court shall retain jurisdiction to ensure that the parties fulfill their respective obligations under this Extended Third Amended Consent Decree. In the event that any matter related to this Extended Third Amended Consent Decree is brought to the Court,

the Court may require briefing, and any remedy within the Court’s jurisdiction shall be available.

19.6 For purposes of settlement only, the Parties stipulate to class certification. The settlement class is defined as “all youth who are currently or will in the future be confined at Henley-Young.”

19.7 Plaintiffs agree to notify the County Board Attorney, the County Administrator, and the Board of Supervisors and give them an opportunity to resolve a problem at Henley-Young prior to initiating media contact.

XX. 2019–2023 CORRECTIVE ACTION PLAN

20.1 Overview. In March 2021, Parties agree to continue the Corrective Action Plan (“CAP”) to facilitate global consent decree compliance within the first 365 days (“Year 1”) and the first 180 days of the second year (“Year 2”) of the 2021–2023 consent decree period. In this section, “days” refer to calendar days.

20.2 Expert. Defendants agree to engage Anne Nelsen (“Ms. Nelsen”) by March 28, 2021, to provide technical assistance to the County (a) in Year 1, to implement core institutional infrastructure required for global consent decree compliance; and (b) in Year 2, to complete and verify implementation of all consent decree provisions.

20.3 Goals and Timeline. Parties agree to the goals and timeline set forth in Table 1, “Timeline and Goals.” *See* Attachment 1. Parties agree that the content of Table 1 may be amended by agreement of both parties.

20.4 Measuring Progress. Parties agree to utilize Table 2, “Benchmarks and Needs,” to track progress towards goals and to meet and identify outstanding needs. *See* Attachment 2. Parties agree that the content of Table 2 may be amended by agreement

of both parties.

- 20.5 Benchmarks and Needs. In Table 2, the following definitions apply. “Needs” are results Ms. Nelsen provides are necessary to achieve compliance, which the County may satisfy through a range of approaches (or recommendations)—so long as the need is met, as to which Ms. Nelsen would provide an opinion. After learning of the need, the County will timely select an approach and provide status updates regarding their selection and progress on Progress Calls (see below). Ms. Nelsen will provide her assessment regarding whether the approach has met the need. “Policy” refers to the institution’s goals and intent. “Procedure” refers to what actions must be taken to effectuate those goals. “Tools” refers to objects or documents needed to execute a procedure. “Training & QA” refers to self-sustaining training and internal review systems.
- 20.6 Progress Calls. Parties agree to have a conference call with Ms. Nelsen and the facility once every three weeks (“Progress Calls”) with the goal of sharing information necessary to update Table 2, including by (a) identifying Needs and potential approaches to addressing them; (b) documenting the County’s selection of an approach; and (c) reporting on progress made towards that approach.
- 20.7 Suspended Monitoring and Expert Tours. The parties agree to deprioritize the need for subject-matter monitoring and to deprioritize adjudging the County’s progress according to its implementation of recommendations made by the monitor or subject-matter experts in this case. *See* Provisions 17.1, 17.6, 17.7 (suspended by agreement of the parties so long as this CAP is in force). Instead, the County will prioritize implementing core institutional infrastructure required for global compliance, including conclusively finalizing: (a) all policies, procedures, and tools required to

implement procedures; (b) a self-sustaining training program; and (c) an internal review program (“QA”). In Year 1, implementation of policies and procedures will occur on a rolling basis and Ms. Nelsen will provide the parties with feedback on substantive progress, but the parties agree that Year 1 priorities are to meet benchmarks and to satisfy needs as provided in Tables 1 and 2.

20.8 Judicial Oversight. Approximately 30 days prior to the end date of each Phase defined in Table 1, the parties will participate in a status conference before the magistrate judge. Seven days in advance of the status conference, Ms. Nelsen (or Plaintiffs on her behalf) will submit the current versions of Tables 1 and 2 and any required explanation of jointly agreed-upon revisions the parties have made to either table. The parties have the option to submit confidential settlement memoranda in advance of these status conferences.

20.9 Termination. The parties and Ms. Nelsen agree that the County, in a good-faith effort to resolve this matter and conserve taxpayer resources, may engage Ms. Nelsen for these purposes; however, if at any time either the County, Plaintiffs, and/or Ms. Nelsen wish to end this arrangement, this CAP will end effective immediately and Ms. Nelsen’s status as Plaintiffs’ expert will not change; however, Plaintiffs would be barred from introducing the fact that the County engaged Ms. Nelsen in subsequent litigation. In the event the CAP is terminated, the parties will notify the Court and request a status conference.

20.10 The parties acknowledge that Hinds County has relocated juveniles charged as adults (“JCAs”) from the Raymond (adult) Detention Center to Henley-Young; that JCAs in Hinds County are subject to prolonged periods of indefinite pre-trial detention; and that due to the presence of JCAs, the facility was required to become a hybrid short-

term/long-term facility and provide services suitable to both JCA and delinquency populations.

XXI. FEES

21.1 The parties agree that the payment and amount of attorney's fees paid by the Defendants shall remain confidential with respect to all parties and may only be disclosed pursuant to a valid court order or public records request.

SO ORDERED AND ADJUDGED this the 2nd day of April, 2021.
